

LESSON 5

Pakikinig: Mga Karaniwang Sakit sa Balat Tuwing Summer Common Skin Diseases During Summer

Listen to the following 1:04 minute audio file, an excerpt from a newscast aired by GMA News 7 and posted at <http://www.gmanetwork.com/news/video/78639/oc-mga-karaniwang-sakit-sa-balat-tuwing-summer-bungang-araw-tigdas-at-pigsa>.—You can listen to the audio file using the accompanying CD (file name inter tag lesson 5) or to the full news report in the website mentioned above.

Before listening to the audio file, review the meaning of the following words you have already learned in the Vocabulary section of this lesson: **butlig**; **pisngi**; **pangangati**; **pigsa**; **sakit sa balat**; **makirot**.

Now, review/study these other words: **nag-umpisa** (started); **kumalat** (spread); **natutuyuan ng pawis** (sweat dried up); **kamot nang kamot** (kept on scratching); **umaangal** (complains); **paningin** (sight); **sobrang init ng araw** (heat of the sun is too much)

There are several interviewees in this audio: Nanay Marian, Trisha’s mother, Mang Julian, and Willie-ann (a twenty-year old).

Answer the following questions:

1. How did the skin condition of Nanay Marian’s child start? Then, what happened?
2. Why can’t Nanay Marian’s child sleep?
3. According to Trisha’s mother, how did Trisha start having skin problems?
4. What kind of skin problem does Mang Julian have?
5. How long has Mang Julian been suffering from this skin problem?
6. What happened to Willie-ann’s boils?
