NEW TITLES AND BACKLIST HIGHLIGHTS • FALL 2014

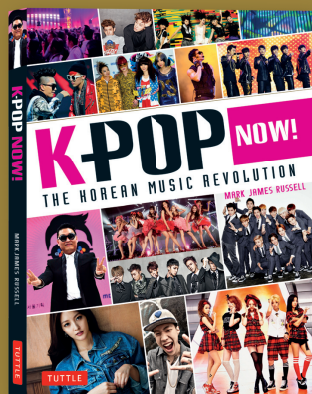

RECENT PUBLICITY HIGHLIGHTS

JAPANESE SCHOOLGIRL CONFIDENTIAL...page 3

“Whether your preferred schoolgirl is more the upstanding heroine Sailor Moon or the vengeful, weapon-wielding Gogo Yubari of Quentin Tarantino’s Kill Bill, Vol. 1, you’ll come away well versed”.

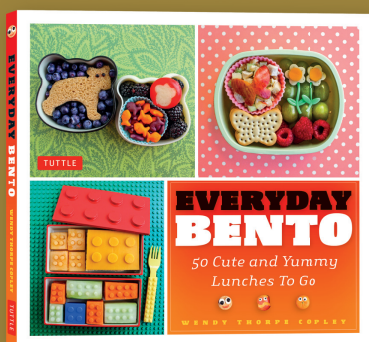

—*Library Journal*

K-POP NOW!...page 51

“Bursting with profiles of hot new Korean pop artists: Wonder Girls, Brown Eyed Girls, Busker Busker, and, of course, Psy, best known for his YouTube-fueled smash “Gangnam Style.” This fun, colorful examination of a craze will appeal to die-hard fans looking for the latest info on their favorite groups, as well as to those merely curious about the trend.”

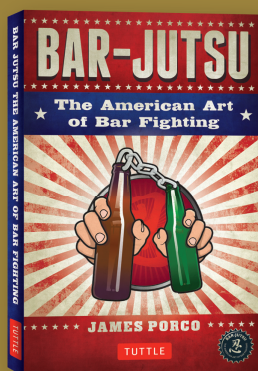

—*Library Journal*

EVERYDAY BENTO...page 7

“A healthy alternative for kids meals”

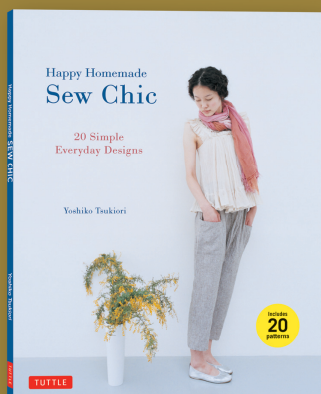

—*Publishers Weekly*

BAR-JITSU...page 47

“It’s as if Owen Wilson and Vince Vaughn wrote a treatise on bouncing as the sequel to “Wedding Crashers.”

—*Pittsburgh Post-Gazette*

HAPPY HOMEMADE: SEW CHIC...page 10

“Happy Homemade Sew Chic features 20 relaxed, fun, and timeless do-it-yourself clothing patterns. With everything from pants to tops, skirts to dresses, this book is all you need to completely revamp your closet.”

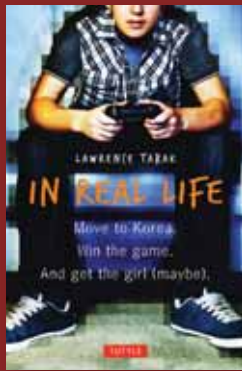

—*FaveCrafts.com*

In Real Life

Lawrence Tabak

Seth Gordon knows exactly what he wants to do with his life: play video games. A fifteen-year-old math prodigy, his every spare minute is devoted to honing his skills at Starfare, the world's most popular computer game. His goal: South Korea, where the top pros are rich and famous. But the best players train all day long. Seth has school and a job and divorced parents who agree on only one thing: "Get off that damn computer." Plus, there's a new distraction named Hannah, an aspiring photographer who actually seems to understand his obsession.

Team Anaconda, one of the leading Korean pro squads, sees something special in Seth. His dream comes true! Before he knows it, it's goodbye Kansas and Hannah, hello to the strange new world of Korea. But the reality is more complicated than the fantasy, as he faces culture shock, disgruntled teammates, and giant pots of sour-smelling kimchi.

What happens next surprises Seth. Slowly, he comes to make new friends, and discovers what might be a breakthrough, mathematical solution to the challenges of Starfare. Delving deeper into the formula takes him in an unexpected direction, one that just might give him a new focus—and reunite him with Hannah.

Lawrence Tabak started off with *Candy Land* before hitting the harder stuff. His writing has appeared in numerous national magazines and journals, including *Fast Company*, *Salon.com*, and *The Atlantic Monthly*. He and his wife have raised two game-obsessed boys.

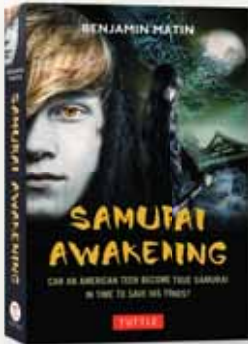

"*In Real Life* is a deeply affecting coming-of-age story set against the backdrop of high-octane competitive computer gaming. It reminded me of Cory Doctorow's work, which I also love. Highly recommended!"

—Mike Mullin, award-winning author of *Ashfall*

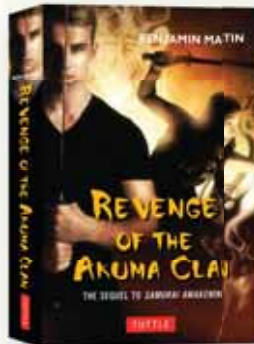

"This is a great book for teens who love games and who just might love the mathematics behind them."

—Lee Ki-Suk, Professor (Korea National University of Education, Department of Mathematics Education)

The Sushi Lover's Cookbook

Easy to Prepare Sushi for Every Occasion

Yumi Umemura
Noboru Murata, photographer

In *The Sushi Lover's Cookbook*, Japanese cooking expert Yumi Umemura offers eighty-five recipes that combine sushi rice with ingredients ranging from its time-honored partners to unexpectedly delicious ingredients—such as Thai fish sauce, sun-dried tomatoes, cooked meats like roast beef or chicken

and French ratatouille—that infuse sushi with an international flair. Sushi fans will love Umemura's traditional instructions for making Inside-Out Rolls, Nigiri Sushi, Hand Rolls, and Inari Sushi, and her exciting and innovative recipes for Thai Shrimp Sushi Parcels, Taco Sushi, and Korean Kimchi Sushi Rolls.

Yumi Umemura is the author or translator of several cookbooks. She demonstrates recipes on Japanese television and is a frequent contributor to several Japanese publications.

Noboru Murata is a photographer whose work is featured in numerous Tuttle books, including *The Japanese House*, *Japan Style*, and *Japanese Gardens*.

"Sushi fanatics who've always wanted to try their hands at making their favorite cuisine will find [*The Sushi Lover's Cookbook*] an easy way to get started..." —*Elle Magazine*

Chinese Feasts & Festivals A Cookbook

S. C. Moey

Chinese food has claimed a permanent place at the American table, but less is known about the cuisine's more formal aspects. *Chinese Feasts & Festivals* brilliantly addresses this gap in a gorgeous, full-color recipe book.

Divided into two sections, respectively detailing feasts and festivals, *Chinese Feasts & Festivals* explains the significance of each dish and shares a delicious recipe for its preparation. S. C. Moey documents the multitude

of dishes served at a traditional Chinese feast, as well as the specialties prepared to celebrate the year's most important festivals, including the Dragon Boat Festival, the Mooncake Festival and, of course, Chinese New Year. Recipes include:

- Drunken Chicken
- Yangzhou Fried Rice
- Sweet Red Bean Pancakes
- Five Spice Rolls
- Chinese Hot Pot
- New Year's Cakes

Author and illustrator **S. C. Moey** is a keen cook and a freelance writer who lives in Penang, Malaysia. This is her first book.

"*Chinese Feasts & Festivals* deserves a place on the bookshelf for anyone who appreciates Chinese culture, and, of course, cuisine." —*The Star*

- The Chinese New Year begins February 19, 2015

Cupcake Envy

Irresistible Little Cakes That are Fun and Easy

Amy Eilert
Norm Davis, foreword
Corey Brinkmann, photographer

Everybody loves cupcakes—and they're downright irresistible when fashioned into charmingly familiar forms. Amy Eilert, a celebrated cake decorating expert and the owner of Cupcake Envy in North Carolina, specializes in turning tasty cakelets into sensational and unexpected forms. Her wildly creative cupcake designs have been featured on DailyCandy.com, The Food Network, the *Ugly Betty* show and in *Brides Magazine*. At last, Eilert shows how even novice bakers can create show-stopping cupcake versions of everything from a stylish party dress and an adorable baby bottle to a desktop cigar humidor and a voodoo doll.

In her cookbook debut, Eilert provides detailed and easy-to-follow instructions on how to use ordinary baking pans to create the basic design, and then customize the colors and details to suit every taste. Can't be bothered with baking from scratch? No problem! Every cupcake can be made with store-bought mix, toppings, and fondant, freeing readers to unleash their creativity on the shaping and decorating. Featuring designs for every occasion and a foreword by award-winning pastry chef Norm Davis, *Cupcake Envy* will educate and delight both beginner and expert cake decorators.

In 2006, **Amy Eilert** founded Cupcake Envy in Wake Forest, North Carolina. A certified instructor at CakeCentral.com, Eilert travels throughout the U.S. and Canada teaching classes and judging national cake competitions, including That Takes The Cake Sugar Art Exhibition and Cakelove 2011. www.CupcakeEnvy.com

Norm Davis is an award-winning author, chocolatier, and pastry chef.

"Little works of art to satisfy your sweet tooth."
—*Daily Candy*

"While we loved the cupcake trend, mini cakes pull at our heartstrings even harder. They're adorable and perfectly detailed without a wrapper to worry about. It's what we've always dreamed of: smart, cute, beautiful food in one small delicious mouthful."
—*Get Married Magazine*

Southeast Asia's Best Recipes

From Bangkok to Bali

Wendy Hutton
Charmaine Solomon, foreword
Masano Kawana, photographer

In her signature expert recipes, Hutton explores the glorious splendor of Southeast Asia's rich and varied cuisines, from Singapore's cosmopolitan offerings to Thailand's sinfully spicy dishes to Vietnam's refreshingly healthful fare.

- Extraordinary Beef Satay
- Thai Rice Soup with Pork
- Famous Singapore Chili Crab
- Green Curry Chicken
- Vietnamese Mixed Coconut Rice

Wendy Hutton has written or contributed to numerous Asian cookbooks, including her acclaimed classic, *Singapore Food*.

Masano Kawana is a James Beard Award-winning photographer.

Bountiful Bonsai

*Create Beautiful Indoor Container Gardens
with Edible Fruits, Herbs and Flowers*

Richard Bender

Bonsai—the Japanese art of training plants to form elegant sculptures—is an age-old craft that appeals to gardeners and non-gardeners alike. Traditional bonsai requires expensive plants and years of tedious work. This book presents a radical new approach that applies bonsai techniques to everyday houseplants, instantly turning them into beautiful bonsai sculptures!

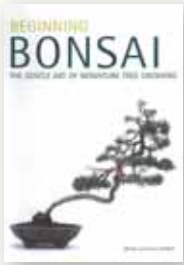

Bonsai expert Richard Bender not only expects his plants to look good but to yield pleasant fragrances, fresh herbs and fruits for his table. He shows readers how to create “instant bonsai” by shaping a range of common house plants, including:

- Fragrant hibiscus and jasmine
- Kitchen herbs such as rosemary and thyme
- Luscious fruits like cherries and oranges
- Medicinals such as tea tree and camphor laurel

This beautifully illustrated volume provides all the information you need to get started, from plant choice advice to care requirements and bonsai “carving” tips. Suitable for indoor bonsai, or shaping exquisite bonsai fruit trees for outside gardens, Bender turns a finicky art into a hobby accessible to all. Bonsai have graced Japanese homes for centuries, now they can yield useful crops that will simultaneously satisfy your artistic sensibility and also provide some wonderful meals!

Richard Bender operated Bonsai by Bender for twenty years. He is the author of *Herbal Bonsai* and writes for several publications, including *Horticulture*, *Field & Stream*, and *The Herbal Companion*.

Sew Sweet Handmade Clothes for Girls

22 Easy-to-Make Frocks, Skirts, Pants & Tops Girls Will Love

Yuki Araki

Blogs and social media are raving about Yuki Araki—one of the most recognized names in the growing sewing-for-kids movement. The mother of two daughters, Araki has become a DIY favorite because she knows what young girls want. They like to wear stylish clothes that also let them play with ease. Moms adore the relaxed aesthetic of Araki's simple mix-and-match play clothes and accessories, and young girls are happy wearing them because they're both cute and comfortable. Best suited for girls from two to five years old, the designs in *Sew Sweet Handmade Clothes for Girls* are simple, casual, and look good on any girl. Araki provides patterns in four sizes, plus diagrams and instructions for twenty-two pieces, including:

- A shoulder-tie camisole top and dress
- A classic smock shirt and dress
- Four variations of a basic elastic-waist skirt
- Shorts and easy-breezy kid-style leggings to pair with any top
- Button-front and pullover tops
- An adorable bucket hat

Moms will love dressing their girls in these economical and easy-to-make clothes. Nothing could be simpler—or sweeter.

The mother of two small daughters, **Yuki Araki** has written several books on making clothes for younger girls. Her online shop "Kanon" features original fabric designs as well as patterns for her original women's and children's clothing.

Handmade Bags in Natural Fabrics

Over 25 Easy-to-Make Purses, Totes and More

Emiko Takahashi

There is no better project for the eco-conscious crafter than a simple cloth bag. *Handmade Bags in Natural Fabrics* offers patterns for twenty-five basic bag styles along with sixty variations and the know-how to customize each bag to suit any style—from sweet-and-innocent to minimalist to counter-culture.

Emiko Takahashi, a fashion and textiles designer, provides easy instructions and diagrams, as well as a sheet of fully-sized pattern pieces for each handmade bag project—plus easy lessons on the basics of hand-stitching drawstring casings, corners, edges, straps, and simple flourishes. Cotton and linen bags are always useful and they lend a carefree, laid-back touch to any warm-weather outfit. Each bag can be machine-sewn, but they are designed to be made in natural fabrics that are light-weight enough to be easily sewn by hand. With Takahashi's expert guidance, crafters with little or no previous experience can learn to make:

- Envelope Pouches
- Bucket Bags
- Picnic Totes
- Sacks and Carryalls
- Classic Drawstrings

Japanese craft books enjoy a cult following in the United States, and *Handmade Bags in Natural Fabrics* has all the elements of a classic in the making.

Emiko Takahashi is a graduate of the Bunka School of Fashion. Her fabric collection Emiko Takahashi Fabric Harmony is popular in Japan for its soft colors and elegant prints.

Learn the age-old Japanese eco-friendly craft of cloth folding!

Wrapping With Fabric

*Your Complete Guide to Furoshiki
The Japanese Art of Wrapping*

Etsuko Yamada
Kanji Okamoto, photographer

Long before today's eco-friendly philosophy of "reduce, reuse, recycle" entered America's collective consciousness, furoshiki—the Japanese method of wrapping things with fabric—flourished as a time-honored and practical art form. In *Wrapping With Fabric*, Etsuko Yamada—born into a long-line of furoshiki makers in Kyoto—explains the "one cloth, many uses" ideology behind the craft, the etiquette of color and the craft's fascinating history. From there, she shares the myriad ways in which a few basic techniques can transform a simple square of cloth into an elegant wrapper you can use to:

- Gift-wrap anything from books to flowers
- Bundle up a picnic
- Tote items ranging from wine bottles to yoga mats
- Use as a handbag or backpack
- Make into a pillow covering
- Create decorative coverings for vases, tissue boxes, and more

A quiet reminder that opportunities for artistry are everywhere around you, *Wrapping With Fabric* makes it easy to bring a touch of grace and ingenuity to everyday life—and help preserve the environment, too.

Etsuko Yamada studied art before becoming a textile designer and table coordinator. She is the art director for Tokyo's Kyoto Wa-Bunka Institute MISUBI, the first shop specializing in furoshiki in Japan, where she works on product development, as well as new ways of using furoshiki to suit the needs of today's world.

Kanji Okamoto is a freelance photographer.

Ultimate Origami for Beginners

Michael G. LaFosse
Richard L. Alexander

The art of origami is changing and developing constantly. For beginners, this creates a problem: where do I start? Thankfully, world-renowned origami designers Michael G. LaFosse and Richard L. Alexander have developed *Ultimate Origami for Beginners*. The creators of more than fifty origami and paper crafting books, kits, and videos, LaFosse and Alexander apply their know-how and decades of teaching experience to answer the questions every origami novice has, including:

- What are the basic techniques?
- Do I need special tools?
- How do I read those funny diagrams?
- What papers work best?

This kit offers lots of starter projects representing all the most popular origami styles—from multi-piece flowers to paper airplanes to cute animals—together with 64 sheets of folding paper, a full-color book and an instructional DVD. *Ultimate Origami for Beginners* will quickly have origami novices getting their feet wet—and their fingers folding!

Michael G. LaFosse has been an origami artist for decades, and is considered a leading authority and master of the art. An avid teacher, LaFosse co-founded the Origamido Studio, a learning center and design studio dedicated to the art of origami, and the only place in the world specializing in hand papermaking for the origami artist.

Richard L. Alexander co-founded the Origamido Studio with Michael G. LaFosse in 1996. He has been the chief papermaker since 2003, and is a frequent collaborator with other famous paper artists. Together, Alexander and LaFosse have created dozens of origami exhibitions, and over fifty books, kits and videos about paper and paper arts.

Paper Quilling Chinese Style

*Create Unique Paper Quilling Projects
that Bridge Western Crafts and
Traditional Chinese Arts*

Zhu Liqun Paper Arts Museum

Paper quilling, a Western art that creates designs using paper strips in clever, inventive ways, gets an Eastern flavor in *Paper Quilling Chinese Style*.

Sure to delight the myriad and diverse group of crafters who have fallen in love with quilling, this lovely book uses traditional Chinese arts to create an array of paper quilling projects with a distinctly

Chinese design. A flexible and limitless art form, paper quilling allows so much individual expression that it has attracted fans around the world. Showcasing bold and inventive use of color, composition and traditional symbols, this book is sure to bring a new level of depth and beauty to your work.

With simple tools and materials easily found at most craft stores, you will be able to explore the boundaries of Western handicraft and traditional Chinese culture, and your own creativity!

Zhu Liqun is director of the Paper Art Professional Committee. Working in art and industrial design for over 30 years, he has won awards at large art design contests in China many times.

Chinese Kites

An Illustrated Step-by-Step Guide

Liu Bin

Kites and China are practically synonymous, since these childhood toys were originally invented there before becoming popular around the world. For over 2000 years, kites have been a common sight in China, from the imperial court to the common people, and over that time period the craftsmanship of the kite has been perfected—and includes a diversity and richness of styles.

In *Chinese Kites*, you'll learn not only the history and varied forms of the Chinese kite, but also how to produce, step-by-step, a beautiful Chinese kite of your own! Learn how to:

- Create the kite's framework
- Paint colorful designs
- Master the techniques of putting the painted cover on the framework
- Fly your creation!

With *Chinese Kites*, you will be able to experience firsthand the joy of seeing a kite you made soaring across the sky.

Liu Bin is a member of the Beijing Kite Flying Association and a transmitter of the Cao-Style Kite, which has been named an "Intangible Cultural Heritage" item in China.

Geometric Origami Mini Kit

3D Paper Fun for Kids and Adults

Michael G. LaFosse
Richard L. Alexander

Made from a number of small sheets of folded paper, 3D modular origami models represent an exciting evolution in this beloved art form. Although each

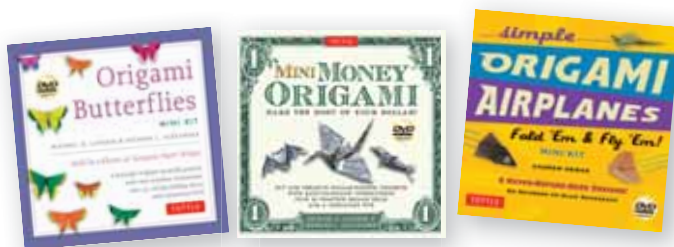

design requires multiple sheets of paper, the folding required is relatively simple, making it a perfect craft activity to share with children. The real magic lies in the ingenious but simple locks that fit the pieces together. Because the same elements can be used over and over to create new shapes, they are a fun and effective way to teach kids the wonders of geometry.

The five fascinating models in *Geometric Origami Mini Kit* are:

- The Harlequin Cube
- The Chevron Pinwheel
- The Dazzle Star
- Hedgehog Dado
- Stellated Octahedron

Michael G. LaFosse has been an origami artist for decades, and is considered a leading authority and master of the art.

Richard L. Alexander, together with Michael G. LaFosse, has created dozens of origami exhibitions, and over fifty books, kits and videos about paper and paper arts.

All About China

Stories, Songs, Crafts and Games for Kids

Allison "Ai Xin" Branscombe
Lin Wang, illustrator

Take the whole family on a whirlwind tour of Chinese history and culture with this delightfully illustrated book that is packed with stories, activities and games. Travel from the stone age through the dynasties to the present day with songs and crafts for kids that will teach them about Chinese language and the Chinese way of life.

All About China is the next best thing to being there!

China is the world's largest and most populated country boasting thousands of years of history, tradition and culture. In *All About China*, you'll:

- Discover the fantastic Chinese tales about the creation of the earth and the origin of the Moon Goddess
- Delve into China's multifaceted cultural heritage, visit breathtaking places and learn Chinese folk songs
- Take a crack at solving a tangram shape puzzle
- Learn about the twelve Chinese zodiac animals
- Try your hand at making a traditional brush painting of a panda, bamboo and other subjects

All About China is an exciting and captivating introduction to the country, featuring page after page of colorful illustrations, interesting stories, amazing facts, cultural insights, engaging activities and much more. Young readers will embark on a fascinating journey through the many faces of this country, meeting its people and examining its landscape, culture and historical tapestry.

Allison "Ai Xin" Branscombe is the Sacramento Regional Coordinator for San Francisco Bay Area Families with Children from China, a nonprofit that supports adoptive families and encourages them to honor their children's heritage. She is also a board member for the Sacramento Chinese Culture Foundation.

Lin Wang attended the prestigious Guangzhou Academy of Fine Arts in China, and got her MFA in Illustration from Savannah College of Art and Design. Lin lives in the San Francisco Bay Area with her husband and children.

- Ages 4-8
- The Chinese New Year begins February 19, 2015
- A story combining adoption, cultural roots and traditional dishes
- Includes a kid-friendly recipe of the birthday noodles

Mei-Mei's Lucky Birthday Noodles

Shan-Shan Chen
Heidi Goodman

Mei-Mei is a lucky girl!

Mei-Mei is Chinese—but not Mom and Dad! When she was a baby, Mom and Dad flew all the way to the other side of the world to adopt her and bring her home. Lucky for Mei-Mei, her parents want her to know all about her roots in China's wonderful culture. That's why, on her birthday, her mom always makes her a traditional Chinese treat—long noodles, for a long and happy life. And this year, Mei-Mei is big enough to help her mom make them!

Through a simple story and bright illustrations, *Mei-Mei's Lucky Birthday Noodles* takes young readers through this special day, from the moment an excited Mei-Mei wakes up in the morning and puts on her favorite dress, through helping Mom measure water, clean veggies and rinse noodles, to a great birthday celebration with family and friends. After the story comes a kid-friendly recipe for this tasty traditional dish. Younger kids can help Mom or Dad—just like Mei-Mei—while older kids can make it themselves, with supervision.

Along with the birthday excitement and a great Chinese treat, readers will see the adoptive experience at its best—a lot of love and the sharing of roots, showing both parents and kids one of the many ways adopted children from all over the world can learn about the country they come from and take pride in its culture.

Accomplished chef **Shan-Shan Chen** has been a regular guest on California's show *The View from the Bay*, where she demonstrates to viewers how to prepare inexpensive and delicious Chinese dishes. Fluent in Mandarin Chinese, she enjoys sharing the richness of Chinese culture with people of all backgrounds.

Heidi Goodman specializes in watercolors and, of course, she loves books and cooking. She lives in California with her husband and two sons.

The Sheep Beauty

A Story in English and Chinese

Li Jian

The kindness and generosity of those born under the sign of the sheep in the Chinese zodiac is brought to life in this heartwarming tale.

Long, long ago, there lived a kind physician. He lived on a mountain in a small Chinese village where he practiced traditional Chinese medicine for all the villagers. On his way home one day, he found an

injured sheep, rescued it and brought it home where he nursed the sheep back to life.

One evening, after the sheep had been living with the physician for some time, a beast barged into the village, demanding payment of each household in the form of one child. If the villagers refused to hand over their children, the beast would eat everyone!

In the blink of an eye, the rescued sheep transforms into a lovely girl, who, with a clever plan, manages to frighten the beast away and keep everyone in the village safe from harm. And so, with one simple act of kindness, an entire village is saved, reminding us that every action, no matter how small, has consequences.

Formerly a middle school art teacher and editor for children's books, **Li Jian** currently owns his own illustration studio focusing on children's fairy tales. He is the author of many books, including *The Water Dragon*, *The Little Monkey King's Journey* and *The Snake Goddess Colors the World*.

Ming's Adventure on China's Great Wall

A Story in English and Chinese

Li Jian

Ming is back—and this time, he and his father get lost on a visit to the Great Wall!

After Ming's exciting adventures in the Forbidden City, Ming and his father travel to the Great Wall to learn more about the creation of the longest

structure ever built by humans. On their way, they take a wrong turn, leading to a great adventure as Ming and his father get to tour the wall and encounter all sorts of important figures from history and literature!

The patron saint of the Great Wall shows Ming all the important passes and Ming even gets to meet the very emperor who had the Great Wall built! But when the emperor runs into a tricky situation at the beacon tower, it's up to Ming and some important information to save the day.

Children will love to travel the wall with Ming as this delightful adventure brings to life the Great Wall and how it has influenced China over its 2000-year life span.

Li Jian owns his own illustration studio focusing on children's fairy tales. He is the author and illustrator of many books, including *The Horse and the Mysterious Drawing*, *Ming's Adventure in the Forbidden City* and *Mulan: Retold in Chinese and English*.

In the Forbidden City

Nancy S. Steinhardt, editor
Chiu Kwong-chiu
Ben Wang, translator

Serving as the seat of imperial power for six centuries, the Forbidden City is one of China's most famous and enigmatic landmarks. Accompanied by a mischievous cat, readers will tour this colossal architectural structure, discovering the secrets hidden inside the palace walls. They will encounter the people who have walked through its halls and gardens, including emperors, empresses, and rebel leaders, and hear exciting tales about the power struggles and intrigues of everyday life.

This large format book conveys the grandeur of the Forbidden City through highly detailed line drawings of its buildings, gardens, and courtyards with numerous foldout spreads. Each page is populated by a large variety of characters and peppered with entertaining anecdotes. Every book includes a plastic magnifying glass for looking at the drawings more closely.

Chiu Kwong-chiu is an artist, designer, and professor who explores Chinese traditional visual arts and adopts groundbreaking methods to interpret and promote Chinese art and culture. He founded the CnC Design and Cultural Studies Workshop in Hong Kong, where he provides guidance and leadership in the research, interpretation, and promotion of traditional and contemporary design and Chinese culture.

Ben Wang (translator) is a senior lecturer in humanities at China Institute, an instructor of Chinese at the United Nations, and guest lecturer at numerous prestigious academic and cultural institutions.

This is the Greatest Place!

The Forbidden City and the World of Small Animals

Nancy S. Steinhardt, editor

Brian Tse

Alice Mak, illustrator

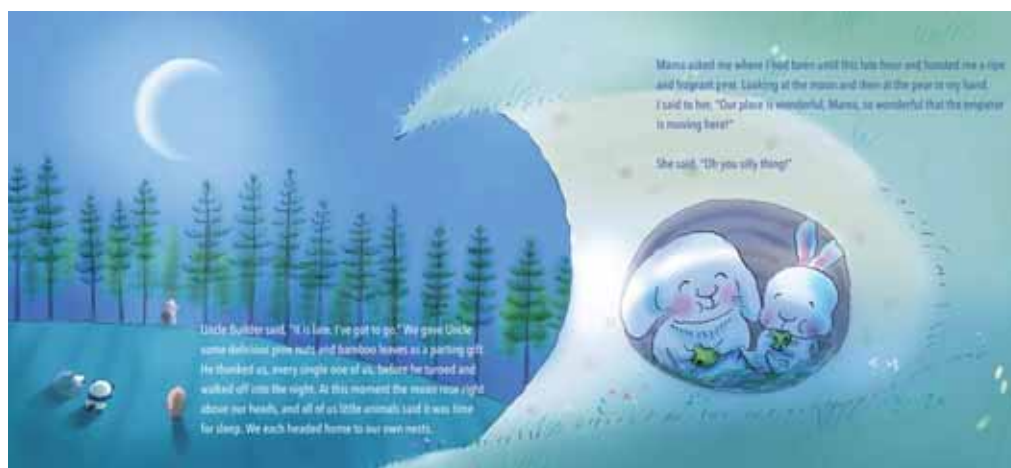

Ben Wang, translator

Rabbit is eating breakfast with his friends Baby Squirrel, Young Porcupine, and Little Brother Panda when an unexpected visitor arrives. He is a master builder, searching for inspiration to design a great palace for the Emperor of China. Together, Uncle Builder and the little animals explore how nature supplies us with the wonders that enrich our lives.

Created by internationally renowned children's book artists Brian Tse and Alice Mak, this book teaches children about Chinese architecture, how nature's influence can be seen around us, and how people and animals can live together in harmony. The illustrations capture both the majesty of the natural world and the Forbidden City and are enhanced by interactive components for readers, including a gatefold spread and lift-flaps.

- Extensive outreach to educational institutions—libraries, schools, educational organizations in US and Canada
- Stand-alone website for book series at www.walf.org

Japanese Design

Art, Aesthetics & Culture

Patricia J. Graham

What exactly is the singular attraction of Japanese design? And why does it speak so clearly to so many people all over the world?

The Japanese sensibility often possesses an intuitive, emotional appeal, whether it's a silk kimono, a carefully raked garden path, an architectural marvel, a teapot, or a contemporary work of art. This allure has come to permeate the entire culture of Japan—it is manifest in the most mundane utensil and snack food packaging, as well as in Japanese architecture, and fine art.

In *Japanese Design*, Asian art expert and author Patricia J. Graham explains how this aesthetic based in fine craftsmanship and simplicity developed. Her unusual, full-color presentation reveals the Japanese design aesthetic in an absorbing way, using a combination of insightful explanations and more than 160 stunning photos. Focusing upon ten elements of Japanese design, Graham explores how visual qualities, the cultural parameters and the Japanese religious traditions of Buddhism and Shinto have impacted the appearance of its arts.

Japanese Design is a handbook for the millions of us who have felt the special allure of Japanese culture, crafts, and art. Art and design fans and professionals have been clamoring for this—a book that fills the need for an intelligent, culture-rich overview of what Japanese design is and means.

Patricia J. Graham is an author, lecturer, and professional consultant on Asian art. She is a certified appraiser who works with private collectors, museums, attorneys, insurance companies, auction houses, and universities. Her books include *Faith and Power in Japanese Buddhist Art, 1600–2005*, and *Tea of the Sages: The Art of Sencha*, both published by the University of Hawaii Press. www.patriciagraham.net

Malaysian Batik

Reinventing a Tradition

Noor Azlina Yunus

Malaysian Batik: Reinventing a Tradition, traces the origins of batik, the materials, methods and motifs of the block-stamped and hand-drawn methods, and the ways in which Malaysian batik has been transformed into a product of international appeal.

With its bold designs—striking abstracts and energetic floral forms—brighter palette and innovative color combinations, Malaysian batik has brought an exciting new dimension to an ancient way of decorating undyed fabric using molten wax, metal stamp and stylus.

Mah Jongg: The Art of the Game

A Collector's Guide to Mah Jongg Tiles and Sets

Ann M. Israel
Gregg Swain
Michel Arnaud, photographer
Tom Sloper, contributor
Milton Stern, contributor

Enter the fascinating world of Chinese collectibles with *Mah Jongg: The Art of the Game*. This is the first book to fully capture this exotic and exciting aspect of Mah Jongg (also known as mah jong and mahjong) by taking an intimate look at its history and the physical beauty of the tiles and sets.

When authors Ann Israel and Gregg Swain began playing Mah Jongg, they were unaware of the vintage collections that existed not only in the United States but as far away as South Africa and New Zealand. Slowly, they started their own collections. As their collections grew, so did their appreciation for the history of the game.

Finding few references, Israel and Swain set out to create a book that chronicles the early beginnings of the game and documents Mah Jongg sets from the most basic types—made simply of paper—to the most outrageous and opulent sets made from gold. Respected scholars and game experts collaborated with Israel and Swain on this book, contributing chapters on the game's history and its pieces as well as technical information about the tiles themselves. Great collectors from around the globe have shared their incredible sets and memories for the first time in one book that every Mah Jongg enthusiast will enjoy.

Mah Jongg: The Art of the Game includes hundreds of beautiful new images by renowned photographer, Michel Arnaud, along with historical documentation and ephemera that fill the void between the past and today's game. Through this book, you too can become an enthusiast of the timeless game of Mah Jongg!

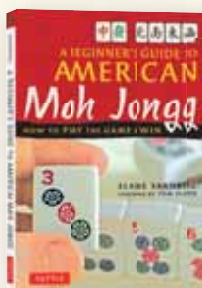

Ann M. Israel grew up in Detroit and now lives in New York City. She has been writing Advice for the Lawlorn, a weekly syndicated column for attorneys published by American Law Media since 1994.

Gregg Swain grew up and continues to live in New York City, where she developed her love and knowledge of art. She loves Mah Jongg because it allows her to socialize with wonderful friends while playing with beautiful tiles.

"I thoroughly enjoyed this book. Whether used as a reference or a beautiful keepsake, it's a very worthy addition to the world of Mah Jongg."

—Ruth Unger, President,
National Mah Jongg League

"Elementary Korean is the golden standard
for learning Korean."

—Perapera Language Tools

This new edition of *Elementary Korean*, the most comprehensive introductory Korean textbook available, offers beginning learners of Korean everything they need to learn the language effectively. Perfect for first-year university-level course use or for independent language learners. No prior knowledge of the language is necessary. The new format, now with dozens of illustrations, presents vocabulary, grammar, conversations, and exercises in a way that makes Korean accessible and understandable. This edition includes:

- Realistic dialogues with audio recordings
- Detailed grammar and cultural notes
- Plenty of writing practice and exercises

Dialogues, readings and written exercises are in Hangeul, the Korean alphabet, so students are quickly able to read and write authentic Korean. Layered lessons are designed to build on each other, making this the most popular introductory Korean language textbook available. Included is a revised audio CD that helps learners speak like a native, and a web-based practice component through the University of British Columbia that can help students learn Korean beyond the pages of this book. According to the Modern Language Association, enrollment in Korean in American universities is growing rapidly.

Elementary Korean Workbook is packed with practice exercises, audio and written activities, and guided composition skill-builders. *Elementary Korean Workbook*, with its accompanying audio disc, helps beginning-level learners solidify and polish their Korean in every skill area.

Ross King, Ph.D., is Professor of Korean and Head of the Department of Asian Studies at the University of British Columbia. He completed his B.A. in Linguistics at Yale and his doctorate in Linguistics (Korean) at Harvard.

Jaehoon Yeon, Ph.D., is Professor of Korean Language and Linguistics and Chair of the Centre of Korean Studies at the School of Oriental and African Studies (SOAS), University of London. He has published many books and articles on Korean grammar and linguistics.

Insun Lee has taught at the Harvard University summer school, has trained businesspeople in cross-cultural communications at the David Lam Centre of Simon Fraser University, and teaches Korean at the University of British Columbia.

Essential Korean Grammar

Your Essential Guide to Speaking and Writing Korean Fluently!

Laura Kingdon

Do you want to improve your Korean language skills? *Essential Korean Grammar* offers exactly what you need to speak and write grammatically correct Korean sentences.

Other books may explain that *어서* and *으니* both roughly mean "so," but they don't teach you when to use each form. *Essential Korean Grammar* gives you the best grammatical options for each situation, and explains when to use each option.

The grammatical forms are cleverly graded so you can determine which ones are most useful for you to study, based on your knowledge level. There is a star rating system, from 5 stars ("critical") to 1 star ("don't worry about this unless you are taking the TOPIK exam"). *Essential Korean Grammar* is a toolbox to help you form correct and natural-sounding sentences. It details:

- Correct sentence patterns for each type of word
- Commonly used idiomatic expressions
- Common errors to watch out for

The example sentences use simple vocabulary that even a beginner will know. This is the perfect book to use in reviewing for exams or to brush up on your Korean when you will be traveling to Korea after some years of not using the language.

Laura Kingdon is a graduate of Yonsei University's Korean Language Institute. She is fluent in several languages and runs a translation firm. After years of living in Seoul, she recently moved to Thailand.

24 PART 3: What you should know before using this book

지렇다 > 지랄 > 지러 > 지런, 지레요
어렇다 > 어랄 > 어러 > 어런, 어레요

They're strange enough that, particularly in the case of *그렇다*, which is used all over the place, you're better off simply memorizing their permutations. See page _____ for a detailed list of the various ways in which *그렇다* can be conjugated.

Irregular verbs: stems ending with ㅅ, ㅆ or ㅈ

Basically, each of these irregular verbs has two forms: in any instance in which an expression that begins (or can begin) with a vowel is added, the verb will change, while in any instance in which an expression that can begin with only a consonant is added, the verb will be conjugated the regular way. Here's a table showing how each one changes.

Kind of irregular verb (example)	Verb stem before vowels	Verb stem before consonants
ㅅ (습다)	도수 (ㅅ changes to 수)	습
ㅆ (못다)	지 (ㅆ disappears)	못
ㅈ (같다)	같 (ㅈ changes to ㅈ)	같

And here are some examples of the verbs in action:

Kind of verb	Example	+ consonant (예)만	+ consonant (는)	+ consonant (고)	+ vowel (아/어/에서)	+ vowel (고)어	+ vowel (고)만
ㅅ irregular	습다	습지만	습는	습고	드와서	드습	드습면
	읽다	읽지만	읽는	읽고	어워서	어습	어습면
	읽다	읽지만	읽는	읽고	구워서	구습	구습면
ㅆ irregular	못다	못지만	못는	못고	자어서	자습	자습면
	읽다	읽지만	읽는	읽고	어워서	어습	어습면
	못다	못지만	못는	못고	부어서	부습	부습면
ㅈ irregular	같다	같지만	같은	같고	같이서	같이	같이면
	산다	산지만	산는	산고	삼아서	삼습	삼습면
	묻다	묻지만	묻는	묻고	물어서	물습	물습면
습다	습지만	습는	습고	습어서	습습	습습면	

Basic particles

You should have some familiarity with most of the following particles before using this book. Otherwise you'll have a hard time understanding the example sentences. There are plenty of good beginning books out there that cover this material; see the list of Useful Korean Language Resources in Appendix 2. For the sake of reference, here are the basic particles with their general meanings:

- 이 subject particle for words ending in consonants
- 가 subject particle for words ending in vowels
- 은 topic particle for words ending in consonants
- 는 topic particle for words ending in vowels
- 을 object particle for words ending in consonants
- 를 object particle for words ending in vowels
- 에서 from, at
- 에 to, at, concerning
- 에게 to/from a person (very informal)
- 에게 to a person (informal)
- 에게서 from a person (informal)
- 한테 to/from a person (somewhat polite)
- 께 to a person (super-polite)
- 께서 from a person (super-polite)
- 로 through, to for words ending in vowels
- 로 through, to for words ending in consonants

Elementary Hindi

Richard Delacy
Sudha Joshi

This comprehensive guide to the Hindi language teaches you how to speak, understand, read and write everyday, conversational Hindi. From learning to write the Hindi alphabet and pronounce its sounds, to the basic vocabulary and grammar, to communicating in dialogues, your rapidly-developing Hindi skills will surprise you. No prior experience with Hindi is necessary to begin learning this beautiful and widely-spoken language using this book.

The lessons cover all situations you'll encounter when you travel to India, read Hindi, listen to Bollywood films and speak the language:

- Present tense verbs, greetings, and basic sentences
- Real life situations in India experienced through the book's characters, Deepak and Kavitha
- Student life—featuring favorite places in Delhi

Enriched by fascinating information about Indian culture, *Elementary Hindi* brings the language to life, whether you're studying on your own or in a classroom setting.

The companion *Elementary Hindi Workbook*, provides hundreds of exercises and practice opportunities including:

- Dialogues portraying realistic situations in India today
- Translation exercises from Hindi into English, and vice versa
- Comprehension, vocabulary, and grammar exercises

This book includes transcripts for all the dialogues and answer keys to all the exercises.

Richard Delacy, Ph.D., teaches Hindi/Urdu at Harvard University. He is the author of *Hindi in a Flash* (Tuttle). He travels to India frequently.

Sudha Joshi received her MA in English literature in India and then taught Hindi in Australia at various universities for over fifteen years. She has produced numerous teaching materials and translated Hindi poetry into English for publication.

Learning Japanese Hiragana and Katakana

A Workbook for Self-Study

Kenneth G. Henshall
Tetsuo Takagaki

Writing Japanese uses three different types of characters: the Chinese characters known as kanji, plus two sets of phonetic characters, hiragana and katakana, that must be mastered before the kanji can be learned. *Learning Japanese Hiragana and Katakana* is a best-selling book for beginners and a favorite tool of students and teachers worldwide. The new third edition has been expanded and revised to include many additional reading and writing exercises. Free downloadable audio recordings that accompany the text demonstrate the correct pronunciations for all the characters, vocabulary, and sentences in the book.

Learning Japanese Hiragana and Katakana provides beginning-level students with a thorough grounding in the basic hiragana and katakana phonetic symbols. A comprehensive introduction presents their basic function, origin, pronunciation and usage. The main body of the book is devoted to the 92 hiragana and katakana characters and their variations, giving step-by-step guidelines on how to write each character neatly in the correct way, with plentiful practice boxes provided for handwriting practice.

Review sections provide reading and writing exercises designed to help students consolidate the meaning and usage of newly introduced characters. Additional practice sections provide fun exercises, quizzes, and extended reading and writing practice to help beginning students of Japanese take their first steps toward fluency in reading and writing the language.

Kenneth G. Henshall has written many books on Japanese literature, history, culture, and language. He is Associate Professor of Japanese at the University of Canterbury in New Zealand, and is the author of *A Guide to Remembering Japanese Characters*.

Tetsuo Takagaki is a graduate of the universities of Wakayama (B.A.) and San Francisco State (M.A.). He taught at the universities of Hawaii and Maryland, and at Tsuda College in Tokyo. He is the author of a number of publications on Japanese language and linguistics.

Easy Tagalog

Learn to Speak Tagalog Quickly and Easily

Joi Barrios
Julia Camagong

Easy Tagalog brings the language and culture of the Philippines to life giving you all the basics you need to start speaking basic Tagalog immediately. The opening chapters introduce the essentials of pronunciation and sentence construction, showing you how to build simple Tagalog sentences. Each subsequent chapter gives a short, easy dialogue that's useful for everyday situations, along with a new set of sentence patterns and a vocabulary list to help you gradually build up your knowledge and repertoire for activities like making new friends, going shopping, and much more.

Each chapter provides helpful information on the customs and culture of this warm and friendly island nation, so that you'll soon be able to converse with ease about everything from the weather to your job and home and family. An extensive glossary at the back and a variety of interesting practice activities, with answer keys, help you build your fluency. The audio disc gives you a solid foundation with correct pronunciation by native speakers and helps you get a feel for the spoken language.

Let Filipino experts Barrios and Camagong teach you how to speak this beautiful language.

Joi Barrios is now a Lecturer in Filipino and Philippine Literature at the University of California, Berkeley after having served as an Associate Professor at the University of the Philippines Diliman (UPD). She has also taught at the Osaka University of Foreign Studies, UCLA, and UCI. She is a recipient of the TOWNS (Ten Outstanding Women in the Nation's Service) Award.

Julia Camagong teaches Filipino at the College of Mount Saint Vincent in Riverdale, New York, and is the Co-Executive Director of Philippine Forum, a non-profit community organization based in New York City.

12 CHAPTER 1

VOCABULARY

Let's study two question words that are helpful:

Sino Who
Ano What

SHORT DIALOGUE PRACTICE

Now, let us practice some of the words you learned by asking and answering questions:

Question: Kumusta ka?

Answer: _____

Question: Ano ang pangalan mo?

Answer: _____

LANGUAGE AND CULTURE TIP: We know *ikinagagalak kong makilala ka* is a tongue twister. Also, it sounds very formal or seems like "old Tagalog." Actually, you don't really have to memorize it. If you forget it, don't let this bother you. Just plunge into the conversation by saying your name and then say *Kumusta ka? You'll be fine.*

DIALOGUE B

At the same party, Ralph also meets Mr. Tolentino, a lawyer. Mr. Tolentino is in his late 40s, and is older than Ralph. Thus, Ralph uses polite language through the honorific *po* and the use of plural pronouns.

Where are you from? **Taga-saan ka?**

What is your job? **Ano ang trabaho mo?**

How Are You? **Kumusta ka?**

Do you have a pen? **May bolpen ka ba?**

Making Out in Korean

Third Edition

Peter Constantine
Gene Baij
Laura Kingdon, revised
Chris Backe, revised

If you're planning to visit Korea, or enjoy Korean TV and K-pop and want to wade in a little, this is the phrase book you really want.

Making Out in Korean makes conversing easy. Now in its third edition, it's the perfect introduction to Korean as it's really spoken, and can carry you through everyday interactions from asking basic questions to speaking the language of love. *Making Out in Korean* includes phrases and tidbits of information on a variety of social situations such as eating out, partying, texting, and a lot more.

Making Out in Korean features a guide to pronunciation and basic grammar, as well as guidelines for the use of polite and informal phrases so you'll never put a foot wrong when:

- Meeting and getting to know people
- Exploring clubs and bars
- Flirting and getting amorous
- Talking to friends through social media

Making Out in Korean even introduces you to some choice curses and insults—for a laugh, or just in case.

Each expression in this book is given in Hangul as well as Romanized form to enhance your experience of the language (and help you with “written socializing” on computers and gadgets).

Full of colorful slang, straight talk and a little cultural savvy on the side, this book has what you need to get started. Pick it up and get ready to converse.

Laura Kingdon is fluent in several languages and runs a translation firm. She has designed curricula and taught English as a Second Language to students of all ages, ranging from university students in Kazakhstan to elementary school children in Korea.

Chris Backe is a blogger who has been published in several Korean magazines and featured on UK radio programs on subjects ranging from Korea to current technology. He has authored or contributed to various books on Korean language and culture, including *Weird and Wonderful Korea*.

—I can't see it. jal an boyeo.
chahl ahn boyaw.
잘 안 보여.

Did you see that? jeogeol bwaseo?
juhgull bwasso?
저걸 봤어?

Did you see it? geugeol bwaseo?
geugull bwasso?
그걸 봤어?

—I saw it. geugeol bwaseo.
geugull bwasso.
그걸 봤어.

—I didn't see it. geugeol mot bwaseo.
geugull moat bwasso.
그걸 못 봤어.

Making Out in Japanese

Third Edition

Todd Geers
Erika Hoburg
Elisha Geers, revised

Now in its third edition, *Making Out in Japanese* has been the indispensable guide to "real" Japanese for tens of thousands of students and visitors to Japan. This best-selling phrase book is the perfect introduction to everyday interactions in Japan, including sexy slang for your social life!

With *Making Out in Japanese* you'll be able to:

- Make new friends
- Share a meal
- Go out on the town
- Join Japanese social media groups
- Flirt...and so much more!

From eating, shopping, group dating, the street scene and potential sexual situations, *Making Out in Japanese* is the phrase book for the savvy traveler.

Todd Geers and **Erika Hoburg** wrote the first edition of *Making Out In Japanese* in the late 80's because the Japanese they learned in textbooks wasn't the Japanese they were hearing spoken around them. This book has been a contribution to the real education of non-native speakers ever since.

Their daughter, **Elisha Geers**, has been studying and teaching in Japan for the past three years.

The Body Clock Guide

Using Traditional Chinese Medicine for Prevention and Healthcare

Zhang Jiaofei
Wang Jing

In China, the rhythms of time and nature are understood to affect the body and general health and wellbeing. Traditional Chinese medicine incorporates the ebbs and flows of time into achieving and maintaining good health. The cycle of four seasons is a complete circulation and the same is true of the 24-hour day. Understanding this kind of "body clock" is what *The Body Clock Guide* is all about, regardless of whether or not you are a practitioner of TCM.

In ancient China, a day was divided into 12 two-hour periods. In each two-hour period there is a different channel or collateral with vital energy "on duty." This book uses descriptive illustrations and texts to clearly explain how to utilize the theories of collaterals and channels, including:

- How to read signals from your body
- Prompts for the schedule of daily life
- Tips for choosing appropriate beverages and food
- Simple ways of massaging acupuncture points

By establishing habits that conform to the rhythm of life, you will see notable and long-lasting effects. So start listening to Mother Nature and your own body and get on track towards achieving good health.

Zhang Jiaofei is a vice-chief physician of Henan Province Hospital of Traditional Chinese Medicine.

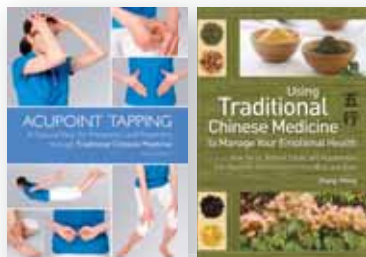

Wang Jing is editor-in-chief of *The Self-Help Classic with Illustrations for Family Doctors* and *Moxibustion Therapy of Special Effects for Common Diseases*.

Krav Maga

Real World Solutions to Real World Violence

Gershon Ben Keren

Krav Maga: Real World Solutions to Real World Violence presents a no-nonsense approach to neutralizing attackers in close quarters. Author Gershon Ben Keren explains the philosophy behind the Krav Maga method, which is the basis of the Israeli military's devastating close combat system. No mere hodgepodge of Krav Maga techniques, this book lays out a systematic approach to self-defense and provides illustrated confrontation scenarios paired with tailored practical responses.

All of the photos in the book were shot in real-time, demonstrating what realistic movements—both from the attacker's and defender's perspective—look like. Where applicable, techniques have been shot in the scenarios in which they occur such as bars, restrooms, ATMs, etc. The situational components of such violent incidents are explained, so the reader can learn to identify, predict, and avoid violence before it occurs.

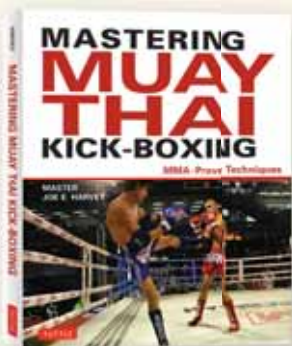

Gershon Ben Keren has been training in Krav Maga since 1994 in both Israel and Europe. He holds a 3rd Degree Black Belt in Krav Maga in Israel, where he also received his teaching certification. He has been trained by some of the IDF's (Israeli Defense Forces) most experienced and respected Krav Maga instructors. In December 2011, he was inducted into the "Museum of Israeli Martial Arts" at the Israeli Martial Arts Center in Herzilya. He has taught Krav Maga to civilians, security personnel, law enforcement agencies, and to members of elite military units and Special Forces. He also holds a 2nd Degree Black Belt in Judo and has won regional and national titles in Judo tournaments.

He has a Master's Degree in Psychology, with particular reference to violence and aggressive behavior, and incorporates this knowledge into the reality based self-defense training that he provides. He lives and teaches Krav Maga in Boston, running Krav Maga Yashir Boston.

Adventures of the Mad Monk Ji Gong

The Drunken Wisdom of China's Most Famous Chan Buddhist Monk

Guo Xiaoting
John Robert Shaw, translator
Victoria Cass, introduction

Follow the brilliant and hilarious adventures of a mad Zen Buddhist monk who rose from humble beginnings to become one of China's greatest folk heroes!

Ji Gong studied at the great Ling Yin monastery, an immense temple that still ranges up the steep hills above Hangzhou, near Shanghai. The Chan (Zen) Buddhist masters of the temple tried to instruct Ji Gong in the spartan practices of their sect, but the young monk, following in the footsteps of other great ne'er-do-wells, distinguished himself mainly by getting expelled. He left the monastery, became a wanderer with hardly a proper piece of clothing to wear, and achieved great renown—in seedy wine shops and drinking establishments!

This could have been where Ji Gong's story ended. But his unorthodox style of Buddhism soon made him a hero for popular storytellers of the Song dynasty era. Audiences delighted in tales where the mad old monk ignored—or even mocked—authority, defied common sense, never neglected the wine, yet still managed to save the day.

Ji Gong remains popular in China even today, where he regularly appears as the wise old drunken fool in movies and TV shows. In *Adventures of the Mad Monk Ji Gong*, you'll read how he has a rogue's knack for exposing the corrupt and criminal while still pursuing the twin delights of enlightenment and intoxication. This literary classic of a traveling martial arts master, fighting evil and righting wrongs, will entertain Western readers of all ages!

Introduction To Japanese Culture

Daniel Sosnoski, editor
Narumi Yasuda, photographer

The richness of Japan's history is renowned world-wide. The cultural heritage that its society has produced and passed on to future generations is Japan's greatest accomplishment. *Introduction to Japanese Culture*, provides an overview, in sixty-eight original and informative essays, of Japan's most notable cultural achievements, including:

- **Religion** – Zen Buddhism, arranged marriages and Bushido
- **Drama and Art** – from pottery, painting and calligraphy to haiku, kabuki and karate
- **Cuisine** – everything from rice to raw fish
- **Home and Recreation** – from board games such as Go to origami, kimonos and Japanese gardens

Daniel Sosnoski's experience as an editor of books on Japan has taken him the length and breadth of Japan and given him an appreciation of the country's natural beauty. He continues to explore and discover new elements of the land and its people.

Time, Rites and Festivals in Bali

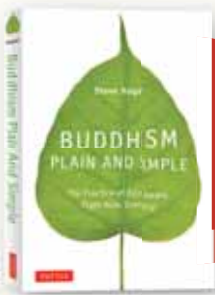

Gusti Nyoman Darta, illustrator
Jean Couteau
Georges Breguet

The concept of time in Bali, and the inherent importance of rites and festivals in daily life, have combined to create a calendrical system that is bewilderingly complex but intriguing in its history.

This fascinating book unravels the complexities of the Balinese calendar system and makes it accessible to a general audience for the first time. *Time, Rites and Festivals in Bali*, written by two recognized specialists of the culture, is a two part exploration of a breathtaking calendar system—and includes 62 specially-commissioned drawings and a selection of photographs of rites along with wooden and painted calendars from museums around the world.

From a lively introduction to the distinctly Balinese concepts of time, to an explanation of the two main calendars of Bali, to an in-depth discussion of the myth of Watugunung which is the basis for the main calendrical system, *Time, Rites and Festivals in Bali* is a dynamic introduction to the spiritual life and daily rituals that are at the core of this island's rich culture.

Tuttle Travel Pack Tokyo

Rob Goss

For travelers who want to experience everything Tokyo has to offer, look no further than *Tuttle Travel Pack Tokyo*. From strolling the winding alleys of the city's traditional neighborhoods to exploring its ultra-modern, neon-soaked streets, this comprehensive Tokyo guide delivers it all. Readers will learn where to enjoy the finest Japanese cuisine and cutting-edge contemporary art, centuries-old temples and gleaming modern architecture, and all of the other wonderful elements that make Tokyo the world's most mesmerizing city.

If visitors want to leave behind the urban sprawl, travel writer Rob Goss points them toward the ancient seaside capital of Kamakura and the gilded mausoleums at Nikko. Ambitious hikers can climb Mount Fuji—or just enjoy it from a distance while soaking in one of the natural hot spring baths in nearby Hakone. Easy to use and easy to carry, *Tuttle Travel Pack Tokyo* provides a useful pull-out map of Tokyo and is organized into four simple chapters:

- **Tokyo's Best Sights** highlights thirteen not-to-be-missed experiences
- **Exploring Tokyo** guides readers to the top attractions in each district
- **Author's Recommendations** details the best hotels and restaurants, night spots, kid-friendly activities, shopping areas, and more
- **Travel Facts** provides essential information from useful Japanese phrases to money, transports, visas, and much more

Rob Goss who has lived in Japan for 15 years, contributes regularly to magazines such as *Time* and *National Geographic Traveler* and has contributed to Japanese guidebooks for publishers such as Fodor's, Rough Guides, Insight Guides and Tuttle Publishing.

His *Travel Pack Japan*, published with Tuttle, recently won the 2013 North American Travel Journalists Association Gold Award in the travel book/guide category.

Clueless In Tokyo

An Explorer's Sketchbook of Weird and Wonderful Things in Japan

Betty Reynolds

Some people take photos, but artist Betty Reynolds captures memories with her paintbrush and watercolors. *Clueless in Tokyo* provides an outsider's take on everyday life in Japan's capital city—a place where vending machines talk, toilets can be terrifying, and centuries-old festivals unfold

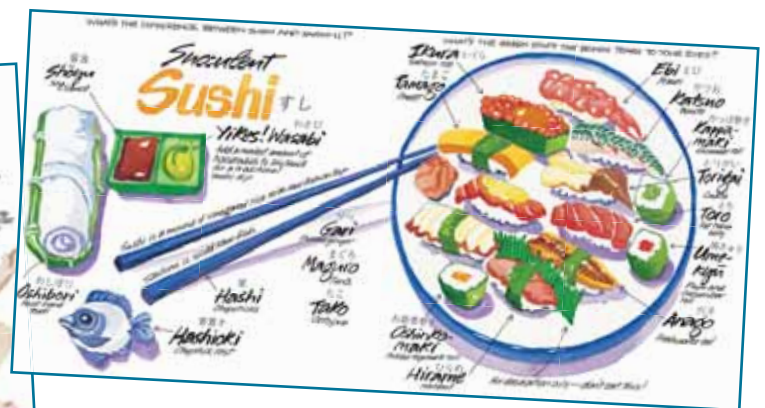

against a backdrop of space-age architecture. During the seven years Reynolds lived in Japan, she filled thirty sketchbooks with everything that caught her eye. Whether it's fashion, food, sport, transport, seasonal rituals, or Japanese pastimes, each vibrant sketch is a delight, and Reynolds' witty hand-lettered captions in both Japanese and English provide an entertaining resource for beginning learners of Japanese.

A perfect introduction to Japan and Japanese culture, this edition contains many new illustrations as well as the Japanese script for key words and phrases. Travelers and students alike will embrace *Clueless in Tokyo* as a charming and insightful souvenir to be treasured.

Betty Reynolds worked as a creative consultant and art director in Philadelphia before accompanying her husband to Tokyo, where they lived for many years. She has published several other books on Japanese culture, including *Squeamish about Sushi*, *Japanese Celebrations*, and *Tokyo Friends*.

Journey Through Bali & Lombok

Paul Greenway

With over two hundred color photographs, this breathtaking volume brings you from the trendy beaches of Seminyak to the Monkey Forest at Sangeh and the hot springs at Kintamani to sunken wrecks off Tulamben. Through Greenway's lens, readers climb Lombok's smoldering Mt. Rinjani volcano and explore the nearby rustic islands of Gili and Nusa. Greenway was a longtime resident of Bali and still considers it his spiritual home. His photographs capture the region's stunning natural landscapes

and the lives and experiences of the Balinese people—including their renowned religious festivals, gamelan music, and painting and craft traditions. For example, an image of the cliff-top temple of Pura Luhur Ulu Watu during a sunset dance performance—complete with hypnotic chanting and fire-walking—reveals intriguing aspects of ancient Balinese culture. Whether readers are planning a trip to Bali or just fantasizing about one, *Journey Through Bali & Lombok* makes an unforgettable guide.

Paul Greenway has written more than thirty guidebooks for Lonely Planet, including volumes on Bali, Lombok, and Indonesia. He is the author of *Tuttle Travel Pack Bali & Lombok*, and—during the rare times he's not traveling, living, or working in Bali—he's trying to concoct a reason to return there.

Ultimate Spa

Asia's Best Spas and Spa Treatments

Judy Chapman
Miriam Van Doom, contributor
Luca Invernizzi Tettoni, photographer

Judy Chapman, the former Editor-in-Chief of *Spa Asia* magazine, spent five years exploring the spas of Thailand, Japan, the Himalayas, and the Maldives, as well as Ayurvedic centers across India and Sri Lanka to document Asia's best-known destination and day spas. Drawing on her own visits and the expertise of therapists, doctors, and wellness experts from around the region, Chapman details how these spas' unparalleled

range of therapies is largely based on ancient wellness traditions like Ayurveda, TCM (traditional Chinese medicine), and other time-proven Asian health and beauty secrets.

Treatment editor Miriam Van Doom provides extensive how-to sequences and detailed recipes and instructions for some of these Asian spas' most popular and luxurious treatments. Lavishly illustrated with over five hundred color photographs, *Ultimate Spa* is a must-have resource for anyone who makes spas their business—or their pleasure.

Judy Chapman was co-founder of Sanctum Pure Body Products and the author of three best-selling books on well-being.

Miriam Van Doom is a yoga teacher, a wellness writer, and a holistic spa consultant.

Luca Invernizzi Tettoni was a world-renowned photographer whose work appeared in more than one hundred books.

Thailand's Best Street Food

The Complete Guide to Streetside Dining in Bangkok, Chiang Mai, Phuket and Other Areas

Chawadee Nualkhair

For many visitors, traveling to Thailand means one thing: enjoying the delicious street food. *In Thailand's Best Street Food*, freelance writer and food blogger Chawadee Nualkhair details everything that visitors need to know to track down the most delectable dishes—no matter where they are hidden.

Most people think Bangkok is the only place to find great Thai street food, but Nualkhair ate her way across the country and found incredible food stalls everywhere, from Phuket in the south to Chiang Mai in the north. Even seasoned travelers may find it difficult to identify the best venues—never mind figuring out how and what to order. Fortunately for anyone bound for Thailand, Nualkhair draws on her vast experience to provide essential tips on locating food stalls in cities across the country, including:

- Directions on how to find a particular stall
- Street maps for each sector
- Each stall's specialty
- Serving options, beverages, and notable extras
- Whether or not seating is available
- Information on bathroom facilities

As an added bonus, Nualkhair includes recipes for the 12 most popular Thai street food dishes adapted for the Western kitchen. Thai street food is one of today's hottest food trends, and *Thailand's Best Street Food* makes it easy for foodies to savor incredible Thai food—wherever their travels take them.

A former financial journalist, **Chawadee Nualkhair** now writes primarily about food. She lives in Bangkok with her husband and two children. Visit her blog, www.BangkokGlutton.com.

Behind the Singing Masks

Wang Xiaoying

Behind the Singing Masks tells the tale of three generations of Chinese opera performers, from Xie Yingge's ascendance to greatness prior to the Cultural Revolution, to the suffering she and her family experienced during that decades-long turmoil, to the creation of a play of mask Xie Yingge orchestrated with her sister after the close of the Revolution.

Wang Xiaoying, born in 1947 in Shanghai, has published many award-winning notable novels including *Vicissitudes of Life* and *Superb Artistry in Painting*.

Game Point

Xiao Bai

In *Game Point*, two hustlers in Shanghai catch the rush of cheating and become addicted to the high of the game. A story of intrigue, friendship and love, *Game Point* follows the schemes and plans of brothers who live for the hustle. Until things become complicated when a woman enters the picture, and the stakes of the game get a hell of a lot higher.

Xiao Bai's novels and essays appear in renowned Chinese newspapers and magazines.

25 Tropical Houses in Singapore and Malaysia

Paul McGillick
Patrick Bingham-Hall, photographer

While called *25 Tropical Houses in Singapore and Malaysia*, this book is at its heart about buildings that share a common spirit—structures that are home to a diverse cross-section of families around Singapore and Malaysia.

"Dream on with this coffee-table book for lovers of architecture and beautiful homes."

The Art of Japanese Architecture

David Young
Michiko Young
Tan Hong Yew, illustrator

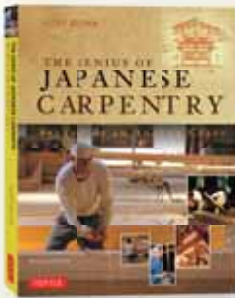

Simplicity, sensitivity to the natural environment, and the use of natural materials are the hallmarks of Japanese architecture. *The Art of Japanese Architecture* provides a broad overview of Japanese architecture in its historical and cultural context. It begins with a discussion of prehistoric dwellings and concludes with a description of modern Japanese buildings. Important historical influences and trends—notably the introduction of Buddhist culture from Korea and China, the development of feudalism, and the influence of modern Western styles of building—are all discussed in detail. The book provides tremendous insights into the dynamic nature of Japanese architecture and how it reflects an underlying diversity within Japanese culture. A classic in the making, *The Art of Japanese Architecture* will be sure to enlighten and delight readers.

The **Youngs** co-authored *The Art of the Japanese Garden*. They now live on Gabriola Island off the west coast of Canada. Visit their website, www.JapaneseAesthetics.com

Tan Hong Yew obtained a degree in fine arts from the Kuala Lumpur College of Art in Malaysia. He has contributed to many group exhibitions, and works as a freelance illustrator, specializing in architectural illustrations.

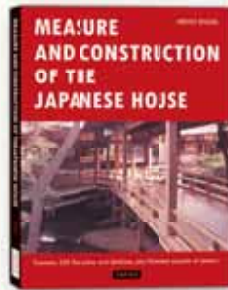

"A tribute and rich entree to a beautiful architectural form; highly recommended."
—*Library Journal*
